

ESA Philosophy

Everson Soccer Academy differs from more traditional soccer programs because of its style of coaching and unique approach used in our programs.

Our teaching/coaching methods are based on Brazilian system of playing the game of soccer. We encourage a more skillful style of playing, incorporating a variety of techniques, which help students reach their maximum potential.

Students are taught highly challenging skills and methods and yet at the same time are encouraged to develop their unique individual style of playing.

All of this is accomplished in a positive atmosphere of fun excitement and freedom, so that students will learn the true joy and pleasure of playing soccer.

TOP 10 REASONS TO PLAY FUTSAL

1. Rewards

FIFA's Futsal rewards the same basic skills, tactics and knowledge of the game as the 11v11 outdoor game.

2. Ball Touches

In a statistical study comparing Futsal to indoor arena soccer with walls, players touch the ball 210% more often.

3. Ball Control

With limited space, an out of bounds and constant opponent pressure, improved ball control skills and technique are required.

4. Speed of Play

With limited space, constant opponent pressure and a 4 second restart rule players learn to play and think fast.

5. Mandatory Support

Without a wall as a crutch, players must make supporting runs when their teammates have the ball.

6. Continuity of Play

Action is continuous so players are forced to continue the play instead of stopping and watching.

7. Knowledge

With four court players and all the basic options of the outdoor game in non-stop action mode, players' understanding of the game is enhanced.

8. Framing the Goal

The goal and Penalty Area are a perfect size for narrowing the angle so teams learn to frame the goal to score goals.

9. Encouraged Learning

FIFA's Laws Of The Game of Futsal, encourage playing a skilled game by punishing all physical contact fouls.

10. Fun

Players enjoy the challenge of playing a fast-paced-fun-skill-oriented game that test their abilities.
